

# POLO

Archirivolto Design

Frame: die cast and extruded aluminum in powder coat finishes for indoor and outdoor use

Feet and Safety Spacers: high strength recyclable thermoplastic.

Outdoor use: Harsh environmental conditions, direct sunlight, and air pollution may cause slight color variations and some surface oxidation that do not affect the strength of the materials.

Note: powder coat finishes 24 and 58 are not suitable for outdoor use.

Stacks: 6 on floor and trolley

Polo Tables: see page 98
